

# ETC Air and Climate Change 2005

## Highlights emissions so far

- EU CLRTAP emissions inventory
- CLRTAP/NEC inventory review
- AE-DEM user group active, export AE-DEM to UNFCCC reporting software
- CARDS project for Macedonia/other Balkan countries started
- Input into EEA Core Set of Indicators
- Input into SoEOR2005 reports
- Support to GHG MM/Climate Change Committee
- UNFCCC EU emissions inventory

# ETC Air And Climate Change 2005

## Things to look out for

- **SoEOR2005 report on ancillary benefits of climate policy for air emissions/quality**
- **Updated, gap-filled ETC emissions inventory database**
- **GHG Trends and Projections report**
- **Comprehensive DPSIR European air pollution assessment report, including policy effectiveness analysis (early 2006)**
- **Contributions to Emissions Inventory Guidebook (transport)**

# ETC Air and Climate Change

## ETC 2006-2007

- **September 2005: ETC/ACC Review:**
  - keep joint ETC/ACC (integration emissions!)
  - focus on data centre role, QA/QC
  - check consistency CLRTAP/NEC, UNFCCC, IPPC/EPER and CO<sub>2</sub> ETS
  - add Montreal Protocol reporting
  - ex-post, no ex-ante policy evaluations
- **November 2005: Management Board decision**
- **Spring 2006: tendering procedure**
- **January 2007: new consortium**
- **2006: same consortium, same type of work**
