

TFEIP 2022 – Formal decisions and an overview of the TFEIP’s action plan

TFEIP co-chairs: Chris Dore, Martin Adams and Kristina Saarinen

1. TFEIP Decisions

The TFEIP:

- Approves the workplans of the Expert Panels
- Approves changes to the road transport chapters presented in the Transport EP
 - Brake EFs, degradation and cold start for LDVs, new EFs for LPG vehicles
- Agreed with the prioritisation of Guidebook improvements proposed by the EPs, and will work to secure resources for the GB chapter updates.

1. TFEIP Decisions

The TFEIP:

- Agrees to form an ad hoc group to update the 2014 Reporting Guidelines
- Agrees with the Projections EP's revisions to the projections reporting template (Annex IV)
 - That projections reporting will be at the same NFR detail as the historical reporting

1. TFEIP Decisions

The TFEIP:

- Agreed to continue to contribute to the EMEP Ad hoc group on condensables as necessary
- Agreed to continue to contribute to the GP review as necessary
- Agreed to draft a technical working paper, indicating views on future emissions reporting
 - To support initial thinking for a new GP.

1. TFEIP Decisions

The TFEIP:

- Agreed to continue to work with groups in the CLRTAP and other Conventions, to the extent possible
 - CLRTAP Forum, EMEP modellers... UNFCCC/IPCC, etc.

1. TFEIP Decisions
