## 2a. EMEP SB & Extended Bureau Meetings

### Science

- **Adjustments, & associated guidance**
  - Agreed an approach for reviewing previously accepted adjustments each year.
  - Finland disagreed with the Adjustment review findings.
- **Updated Guidebook Chapters**
  - TFEIP will review the updated chapters, and make recommendations for endorsement to the EMEP SB.
- **Definition of PM - in/exclusion of condensables.**
  - The Guidebook content has been reviewed, and 2016 workshop jointly with TFMM.

## 2b. EMEP SB & Extended Bureau Meetings

- **Assessment of emissions inventory review**
  - TFEIP tasked with bringing back recommendations for improvement to the existing technical review process
  - Methods & Procedures Document for “Stage 1-3” Reviews.

### Funding

- **Funding EMEP Centres & Task Forces**
  - CLRTAP Secretariat very concerned – asked Parties supporting TFs/Centres to attend a meeting in April.
- **Funding Emissions Inventory Improvements**
  - There is now an EMEP budget line for emissions inventory improvement activities (CEIP). :o)

## 2c. EMEP SB & Extended Bureau Meetings

### Paperwork

- **Centre and Task Force Mandates**
  - TFs/Centres asked to update outdated mandates.
- **Update of the EMEP Workplan**

### Party Support

- **CLRTAP Outreach Activities**
  - TFEIP will try to be more engaged with this.
  - E-PRTR workshop in Autumn
- **Driving Improvements**
  - TFEIP to target support on improving completeness (and transparency) in the short-term.
